

GyroMini | Nutating Mixer

- Gyrotory action provides gentle, thorough mixing
- Ideal for mixing samples in blood and centrifuge tubes
- Fixed speed and pitch
- Safe for cold room use

CSA compliant

Product Information

The GyroMini is a smaller version of our popular GyroTwister. Its small size makes it ideal for mixing samples in blood and centrifuge tubes.

Like the GyroTwister, the GyroMini combines the motions of an orbital shaker and a rocker to produce a three dimensional action. The result is a thorough yet gentle mixing without foaming. Both the speed and tilt angle of this small shaker are fixed to provide the optimal level of agitation for mixing samples in small containers.

The GyroMini is supplied with a dimpled mat for holding tubes firmly in place. For temperature sensitive samples, the GyroMini can be used in a cold room.

Product Specifications

Speed range	24 rpm*
Motion/ Pitch	3-D/ fixed 20°
Maximum load	1.75 lb/0.8 kg
Ambient operating range	+4° to 65°C
Dimensions (W x D x H)	9.75 x 7.5 x 7 in/24.8 x 19.1 x 17.8 cm
Weight	2.3 lb/1.1 kg
Electrical	120V~, 60 Hz or 230V~, 50 Hz

*Speed for 230V version is 20 rpm
